APPROVED REFERENCE LABORATORIES 2004

JCAHO standard regarding reference laboratory services (LD.3.5) states: "All reference and contract laboratory services meet the applicable federal regulations for clinical laboratories and maintain evidence of the same." The College of American Pathologists standard (GEN.41370) states "the laboratory director, in consultation with the institutional medical staff or physician clients, is responsible for selecting reference laboratories."

The following laboratories have been approved by the Medical Staff at Florida Hospital for reference testing.
